

Dear Redlander,

During the course of 2024, the Redlanders Alumni Association Committee have reviewed the current structure of the Association in light of the new self-reporting tax requirements by the Australian Tax Office and the current barriers to involvement by Alumni as part of the Association.

This review has led to the decision by the Committee to hold a Special General Meeting on **Tuesday 25<sup>th</sup> March 2025 at 6pm** in the Liggins Building, to vote on the winding up of the Association in it's current form and be replaced by an Alumni Advisory Committee.

The creation of an Alumni Advisory Committee will effectively eliminate the onerous administration burden of an unincorporated entity and allow committee members to focus on strategies to strengthen the Alumni community and connection to the school.

The proposed change will build on the strong collaboration Alumni have had with the school over many years and by moving into this new structure we aspire to foster increased engagement and provide Redlanders with an even stronger voice to make a lasting impact in our community.

All Redlanders are invited to the Special General Meeting to vote or send in a proxy vote if preferred. If you plan to attend or would like to place a proxy vote, please advise the Alumni office at [alumni@redlands.nsw.edu.au](mailto:alumni@redlands.nsw.edu.au).

Kind regards,

Redlanders Alumni Association Committee
